

IT & CABLE PROS

CAPABILITY STATEMENT

COMPANY OVERVIEW

IT & Cable Pros is a nationwide provider of low-voltage and information technology solutions supporting commercial clients, data centers, and new buildout projects. IT & Cable Pros delivers voice, data, camera, and alarm system cabling, along with point-of-sale system support, network equipment installation, and VoIP phone system deployment. With broad technical capability across structured cabling and IT infrastructure, IT & Cable Pros provides clients with one reliable source for installation, configuration, and support services.

IT & Cable Pros

USFCR VERIFIED VENDOR 2026

UEI: KUHSCAW97FF9

CAGE: 20JJ4

CAPABILITIES

IT & Cable Pros provides nationwide low-voltage cabling and IT infrastructure services for commercial facilities, data centers, and new buildout projects. Capabilities include voice, data, camera, and alarm system cabling, point-of-sale system installation and support, network equipment configuration, and server deployment. IT & Cable Pros also installs and supports VoIP and PBX phone systems, including Avaya, Polycom, Cisco, and other platforms, giving clients a single-source partner for reliable connectivity and technology integration.
